

## CNM Grant Procurement Memo

Applies to:

- Federal purchases \$10,000 and above or,
- State purchases \$20,000 and above
- Purchases less than \$60,000

Funding source (choose one):

State

**Federal X**

**Grant/Project Title:** Dept of Ed Quantum Learning Lab

**Project Director/PI:** Brian Rashap

**Grant number within Workday:** GR300429\_

**Description of goods or services:** Optical Table

**Benefit to grant and CNM:** Describe how/why this purchase will meet objectives of project.

The Quantum Learning Lab's neutral atom magneto-optical traps need to be setup on optical tables with the correct dampening to ensure the correct photonic alignment for trapping Rb-85 atoms.

**Estimated dollar amount:** \$11,500

**Rationale for method of procurement:** Describe how quotes were gathered

Direct quotes from three suppliers of Optical Tables.

**Contractor selection or rejection:** Name each vendor and indicate whether selected or rejected. This will document and justify the decision for procurement.

- VENDOR #1: ThorLabs
  - Selected or Rejected: Rejected
  - Amount of Quote: \$11,481
  - Justification: The ThorLabs table meets all f the technical needs and is a US-based company. The dampening needs are met at a lower price than Vendor 2.
- VENDOR #2: MKS/Newport
  - Selected or Rejected: Rejected
  - Amount of Quote: \$23,695
  - Justification: The MKS/Newport table meets all of the technical needs and is a US-based company. The Newport table had higher dampening than the Thorlabs table (these were the most comparable in the size range that we need), and the higher dampening isn't needed for our students and isn't justified by the cost difference.
- VENDOR #3:
  - Selected or Rejected: Rejected
  - Amount of Quote: \$10,597 (plus shipping)
  - Justification: Table is comparable in cost, but made in China by a Chinese-based company.

## Vendor1: Thorlabs

43 Sparta Avenue • Newton, NJ 07860 • USA

Note: Shipments via common carrier are to your loading dock only. A forklift may be required to unload shipment at your Receiving, or you may need to request delivery by a truck with lift gate.

Unless expressly stated in this quotation, offers for vibration control products including optical tables, isolation legs and workstations DO NOT include rigging and installation to their final use destination. Upon request, Newport can provide experienced references for these services. \*\* Please inspect your shipment and note any damage to the packaging prior to signing off the Bill of Lading. At delivery, please take the time to OPEN the crate and physically look at the product's condition inside the crate. Failure to do so can delay and in some cases cause rejection of any claims of damage to your shipment by the carrier\*\*
